SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

Situation Overview

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

- **CDPH Statewide Travel Advisory**

As of 04/02/21, CDPH and the CDC recommend delaying travel until persons are fully vaccinated. For more information visit: <https://www.cdph.ca.gov/Programs/CID/DCDC/Pages/COVID-19/Travel-Advisory.aspx>

SITUATION SUMMARY

Coronavirus Disease 2019 (COVID-19) (Continued)

On 04/21/21, the State Operations Center (SOC) changed the reporting tempo for the COVID-19 Sit Stat and Trifold Reports from daily to once a week. Updated reports can be expected every Tuesday of each week until further notice.

Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 05/04/21 at 1100 hours:

- 154,771,657 (+5,778,301) total confirmed cases
- 3,234,964 (+94,208) total deaths

Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 05/04/21 at 1000 hours:

- 32,267,958 (+343,348) total confirmed cases
- 574,679 (+4,908) total deaths

Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 05/04/21 at 1100 hours:

- 3,645,341 (+12,156) total confirmed cases

COVID-19 Vaccines Administered – Per Vaccine Task Force as of 05/04/21 at 2359 hours:

- 30,700,655 (+2,017,741) vaccines administered
- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details

Cal OES INLAND REGION

- Nothing significant to report.

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

- Nothing significant to report.

PUBLIC SAFETY POWER SHUTOFF (PSPS) SUMMARY

Service Interruptions

- None reported

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- Elevated fire weather conditions expected at times for the Sacramento Valley and Sierra due to breezy conditions Saturday through Monday
 - Red Flag Warning for 10-25 mph winds with gusts 35 to 40 mph
 - Low and poor humidity recovery overnight

SOUTHERN CALIFORNIA

- Elevated fire weather conditions expected at times for the southern California mountains due to breezy conditions Saturday through Monday

Weather Advisories, Watches, and Warnings currently active in California:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

Active Weather Warnings, Watches and Advisories by County:

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

05/08/21 - 05/14/21

Saturday - Monday

- Several periods of critical fire weather conditions expected across the Sacramento Valley and nearby foothills Saturday through Monday with winds gusting 30-40 mph and very dry conditions
 - Red Flag Warnings are in effect Saturday through Monday evening for many northern California valleys and the North and East Bay
- Elsewhere, locally breezy weather will result in elevated fire weather conditions for the southern California mountains and southern Sierra this weekend and early next week

Tuesday-Friday

- Temperatures will warm back well above normal through the middle of next week.
 - Widespread temperatures in the 90s to lower 100s are expected across the Central Valley and southern California deserts by Tuesday, Wednesday, and Thursday
- No precipitation expected through late next week, with a cooling trend possible at the end of the week

CALIFORNIA WEATHER IMPACTS

05/08/21 - 05/14/21

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2021-LAW-62281** on 05/06/21 at 1230 hours, the IERCC advised of a SPOT X activation at the listed location; 41.332900, -122.243700. These coordinates return near the Everitt Highway in Siskiyou County. The RO advised he was stuck in the snow with his wife and daughter. IERCC updated the activation with more details; their vehicle was stuck on some ice, there were no injuries and they had food and water. I notified Siskiyou County SAR of the activation and he advised that side of the mountain should have cell reception. I called the RO's cell number and he answered asking for a tow truck. The RO eventually called for a tow truck and was able to self-rescue off the mountain. **MISSION CLOSED**
- **2021-LAW-62264** on 05/06/21 at 1230 hours, AFRCC advised of a PLB activation with the listed coordinates; 37 48.13 -119 50.74. The coordinates return to Carlon Falls trail in Yosemite National Park. The Park was notified of the activation and were already in route to the location. They received a call of a 66 year old male fall victim with a head injury. At 1432 hours, the park rangers located the subject and were packaging him for air transport. At 1638 hours, the subject was taken to a local area hospital for his injuries. **MISSION CLOSED**

Cal OES MISSION TASKINGS

Cal OES Missions

- **2021-TACCOM-0422:** Kit-1 and HQ-10 of Sonim phones to Chico State and the CPUC for their annual Cellular speed test. Typical usage time is 30-45 days.

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
